1. Source: Population Estimates by Region/District, UNDP Somalia, August 1, 2005. FSAU does not round these population estimates as they are the official estimates provided by UNDP. Provisional revised population numbers for 2008 are available, but are not used because they have not been endorsed yet and are only available at the regional level of disaggregation

2. Estimated numbers are rounded to the nearest five thousand, based on resident population not considering current or anticipated migration, and are inclusive of population in High Risk of AFLC or HE for purposes of planning

3. Source: Revised from UN-OCHA / UNHCR estimate following the new IDP movement which included protracted IDPs (February 2008), previously 400,000.
